```

graph LR
    RX_DEBUG --> TX_TO_DEBUG
    TX_DEBUG --> RX_FROM_DEBUG

```

The diagram shows three vertical connections. Each connection starts with a red diamond at the bottom labeled 'PWR_FLAG'. From each diamond, a green line extends upwards. The first green line ends in an upward-pointing arrow labeled 'VCC'. The second green line ends in a triangle symbol labeled 'GND'. The third green line ends in an upward-pointing arrow labeled '+3.3V'.
